

Unmanaged Switch 8-port Gigabit inc. 7 PoE+ (110W) GGM GS07P

- 10/100/1000M self-adaptive port, support PoE
- All the ports support Auto MDI/MDIX
- Each PoE port support Power up to 15.4 W (IEEE802.3af),
- Compatible with powered device applied to PoE IEEE802.3af
- Support IEEE802.3x full duplex flow control and duplex backpressure flow control function
- Automatic MAC address learning and updating
- 4K MAC Address
- 16G broadband and 192Kb forwarding memory
- High performance full load power configuration
- PoE budget : 110 Watts
- LED indicator monitor working status and help fault detection
- Comply to IEEE802.3, IEEE802.3u, IEEE802.3af, IEEE802.3at
- External power supply
- Warranty: 2 years
